

GSA's purpose is to promote the advancement of competitive youth soccer in the greater Gainesville area. This shall be achieved through the development and retention of outstanding soccer players using licensed coaches, professional instruction, and a commitment to sportsmanship, teamwork, and personal development. Soccer will be the basis for teaching honor, integrity, cooperation, commitment and good will through victory and defeat. Finally it is our hope that each player develops a passion for the game that provides him or her with a lifetime of playing, watching and loving soccer.

"Football (aka soccer) - it's the beautiful game." – Pele
