
The Gainesville Soccer Alliance would like to thank all of the players who came and tried out for our 2018-2019 competitive soccer program. Our team rosters are below. Please make sure and read all of the following information carefully.

All players must finalize their roster position by registering on-line by Saturday, May 19th

Players who do not complete on-line registration by this date will lose their roster spot. Even players exploring the possibility of obtaining a scholarship for the coming season WILL need to register (there is a scholarship option on-line).

The links to register are at the bottom of this email.

Our **Premier I** teams are our upper division teams. These teams will have a more demanding schedule and subsequently require a larger fee. **Premier II** teams are will be slightly less expensive.

Some players just missed out on making a roster, but showed a great deal of potential. Our coaches would like to invite these players to be **Practice Players** for us this season. Although they can't play in games, practice players are welcome to attend all of the team's training sessions over the course of the year. It is our hope that after a year of training with the team, practice players develop their skills enough to make the roster in the future. Also, if any roster spots open up due to players not accepting positions, these vacancies will be first filled with practice players.

There are three different registrations for **Premier I, Premier II** and **Practice Players**. Please make sure you choose the correct registration option!

We would like to encourage ALL of the players in our U9 through U12 age groups who did not make a competitive team roster to play in

our **Academy**. In the event that rostered players move or get an injury, we will often look to fill vacancies from within our Academy program.

If you have any trouble registering or forgot your login/password, please email me and I will help you through it.
